- conduct market research and competitor analysis to create innovation and competitive design solution.
- Adapted to client feedback and revised design to ensure client satisfaction and project success.
- Utilized industry-standard design software including Adobe creative suite (Photoshop, Illustrator, Indesign) and other relevant tool to create visually engaging content.
- Contributed to the development to branding guidelines and maintained consistency in design element across various project.

Featured Projects

Online Check Writer

Role - UX/UI Designer

- Conducted user research & feedback analysis, exploring accessibility best practices to enhance inclusive design and meet user needs.
- Analyzed user flows & pain points, optimizing navigation, usability, and interaction design for seamless experiences.
- Created wireframes & design systems, from low-fidelity sketches to high-fidelity prototypes, establishing standards for color, typography, layout, imagery, and iconography.

Repetor

Role - UX/UI Designer

- Applied a user-centered design approach, creating low-fidelity wireframes & interactive prototypes to simulate real-world experiences
- Conducted A/B testing & usability analysis, optimizing CTA placement, layouts, and interaction design for data-driven improvements.
- Created wireframes & design systems, from low-fidelity sketches to high-fidelity prototypes, establishing standards for color, typography, layout, imagery, and iconography.

Exome Dental

Role - UX/UI Designer

- Designed a comprehensive dental patient management dashboard, enabling efficient tracking of patient records, appointments, and clinical data.
- Structured a scalable information architecture for “Patient 360” view, integrating medical history, documents, prescriptions, and investigations in a single interface.
- Created wireframes & design systems, from low-fidelity sketches to high-fidelity prototypes, establishing standards for color, typography, layout, imagery, and iconography.

Software Skills

- Figma, Adobe XD
- Illustrator
- Photoshop
- Adobe Suite
- Framer
- Miro

User Research

- Interviews & Surveys
- A/B Testing
- Prototyping
- Personas Card Sorting
- Competitive Analysis
- Empathy Mapping
- Information Architecture
- User Flow
- Documentation

Education

Diploma In UI/UX Design & Graphic Design
Wiztoonz Accademy
Jul 2021 - Jul 2023
